Live DJ

electronic LiveAct // DJ-Duo

This electronic LiveAct is our most-hired act. Adding some smooth, refreshing & modern vibe to VIP lounge areas - not necessarily for the evening programs only, but also throughout the day or for pre-match dinner.

Performing at hospitality lounges and after-show parties. They are no strangers to huge events like UEFA Champions League, EHF Champions League, PGA Senior Tour or ITTF World Cup.

They have their own unique style using their musical skills mixed with the latest trends to create original tracks and incredible versions. Real instruments and computer manipulations are used to make their live show.

They cover it all - be it smooth lounge music for the background or electronic club sounds to heat up the dancefloor for a kickass party.
